

Built exclusively
for manufactured
homes

**HIGH-EFFICIENCY
95.1% AFUE CMF95 GAS AND
80% AFUE CMF2 OIL GUN
FURNACES**

EXCLUSIVELY MADE FOR YOUR MANUFACTURED HOME. CMF 95.1% AFUE GAS FURNACES & 80% AFUE OIL GUN FURNACES

Today, the manufactured home is a sophisticated, affordable home that is a smart choice for many buyers. Equally smart is knowing that your manufactured home furnace is just that – a manufactured home furnace. Specifically designed for your manufactured home, an Broan furnace offers high efficiency and system dependability.

The more you learn about our manufacturing process, the more you'll see that no other heating and cooling manufacturer compares to Broan's product quality – quality made possible through Demand Flow Technology. While other companies test products at random, we use 100% computer-automated testing on every Broan product to eliminate human error in the final analysis

of product quality. We are the only heating and cooling manufacturer to be DFT certified.

You can rely on your Broan expert to make your home more comfortable with digital thermostats and other manufactured home accessories.

It's a comfort to know that Broan is made for your manufactured home, and it's a comfort you can feel.

FEATURES & BENEFITS

Broan CMF95 95.1% AFUE Gas Furnaces

- Dependable, hot surface igniter utilizes proven SmartLite® technology for longer igniter life.
- High static blowers.
- Heavy gauge aluminized steel heat exchanger and stainless steel secondary heat exchanger assure a long life.
- Diagnostic lights for easy troubleshooting.

Broan CMF2 80% AFUE Oil Gun Furnaces

- Designed for any size manufactured housing application, and space heating, garages, and hunting cabins. Ideal for tight replacement applications.
- Beckett burners are standard.
- Multi-speed blower and multi-fired burner for efficiency and long-life.
- Titanium treated aluminized steel process technology provides strength and durability to the heat exchanger.

If installed in SCAQMD only: These furnaces do not meet the SCAQMD Rule 1111 14 ng/J NOx emission limit (14 ng/J), and thus are subject to a mitigation fee of up to \$450. These furnaces are not eligible for the Clean Air Furnace Rebate Program: www.CleanAirFurnaceRebate.com.

Features & Benefits for both Furnaces

- A classic 18-inch width for tight replacement jobs.
- Proven components ensure high quality and dependability.
- Appliance finish protects against rust and other corrosion.
- All units and each component are tested on the manufacturing line to ensure quality.
- Standard one-year limited parts and 20-year limited heat exchanger warranty. Contact your Broan contractor for specific warranty details.
