ENERGY STAR® certification is awarded to products designed to reduce energy consumption and utility costs.

To qualify, packaged systems must have a Seasonal Energy Efficiency Ratio (SEER) rating of 15.0 or higher and an Energy Efficiency Ratio (EER) of 12.0 or higher. Packaged heat pumps must also have a Heating Seasonal Performance Factor (HSPF) of 8.2 or higher.

Gas furnaces must have an AFUE of 95% or higher for northern states, at least 90% AFUE for southern states, have an approved energy efficient blower motor and cabinet air leakage of less than or equal to 2%.

Split system air conditioners and heat pumps must have a 15.0 SEER rating or higher and an EER of 12.5 or higher. Split system heat pumps must also have an HSPF of 8.5 or higher.

NuTone units offer a 10 year Limited Warranty on all parts when registered. Plus the NuTone Quality Pledge on select models, which states if within the first 10 years the compressor or furnace heat exchanger fails NuTone will replace the entire unit, registration required. ESA/ESH models carry a 1-year Quality Pledge when registered. Air handlers and coils carry a 3-year all parts limited warranty and when installed with a matched outdoor unit, will carry the outdoor system warranty. Accessories carry the 10 Year Limited Parts Warranty when installed and registered with a complete system. See warranty for details.
